Sl. No	Page No	Clause No	Clause as per RFP	Description of Query/ Clarification sought by Bidder	Bank Response
1.	123	ELIGIBILITY COMPLIANCE	The Bidder for Category A & B link should have their own nation-wide high availability MPLS network backbone. The bidder's core MPLS backbone should be fully meshed.	It is Mandatory to Participate in Both Category or Bidder can participate only on Category A	Clarified as:  Bidder can participate in either category A or B or in both categories.
2.	Page No 48	Scope Of work	If the last mile is on wireless, bidder has to ensure that no other Radio equipment causes interference and should not be able to trap the wireless signals used for Bank's network. Bidder has to ensure the secure end to end encryption for wireless network	Every Service provider will use UBR equipment which is unlicensed equipment Pls change the clause Please note that wireless (UBR or RF) media is an unlicensed band. However, communication on wireless media will be encrypted	RFP clause is Self-explanatory
3.	Page No 48	Scope Of work	The bidder should provide all security measures for bank's MPLS VPN network which should prevent against all kind of attacks like malware attacks, DDOS, IP spoofing etc	DDOS and other Parameters to be removed, Since in MPLS Private Network ,DDoS is not applicable	<b>Clause Modified as: -</b> The bidder should provide all security measures for bank's MPLS VPN network which should prevent against all kind of attacks like malware attacks, IP spoofing etc.

4.	Page No:140	TECHNICAL REQUIREMENT	In case of MPLS on wired/RF connectivity, Bank prefers wired connectivity (fiber/copper) as last mile at branches. In case of non-feasibility of wired media, the Bank shall consider the stable wireless technology (RF) with licensed band that has been successfully implemented in private/public sector Bank/Financial Institution/ Govt. of India. Bidder has to ensure that no other Radio equipment causes interference to wireless signals or trap the wireless signals used for Bank's connectivity	Wireless service are delivered in unlicensed band of 2.5/5,8 Ghz. Services in License band are delivered to Defence services , special government department with permission of Govt and approval of WPC. It is therefore bidders may be allowed to deliver the services in unlicensed band with utilizing the traffic in those channels that have less or minimal interference.	<b>Clause Modified as:</b> In case of MPLS on wired/RF connectivity, Bank prefers wired connectivity (fiber/copper) as last mile at branches. In case of non-feasibility of wired media, the Bank shall consider the stable wireless technology (RF) with secured band that has been successfully implemented in private/public sector Bank/Financial Institution/ Govt. of India. Bidder has to ensure that no other Radio equipment causes interference to wireless signals or trap the wireless signals used for Bank's connectivity
5.	Page no:135	TECHNICAL REQUIREMENT	Bidder should use Simple Network Management Protocol version 1 & 2 (SNMP v1, v2 & v3) managed devices for end to end communication from the branch to data centre of Bank for the proposed wireless solution	Please Confirm, it is mandatory to monitor the link from Bank router on SNMP, By Default Jio will proactively monitor the link from Demarc switch placed in Bank End.	Clause stands as per RFP.
6.	Page No 128	TECHNICAL REQUIREMENT	For Category A & B - link provided by bidder should be fully isolated from Internet traffic even if running on the same core/backbone. It is desired that same PE Router does not run both customer VPN traffic and Internet traffic. The VPN network offered to the Bank should not carry any internet routes. The bidder has to provide network topology showing how internet traffic is segregated from proposed MPLS cloud	Kindly amend this to logical separation of MPLS and Internet Traffic at PE Router.	Clause is self-explanatory

7.	Page No 128	TECHNICAL REQUIREMENT	The bidder shall build and provide to the Bank and Bank's Network Integrator access to an online monitoring portal where link status such as link up or down, down since, reason for down, expected time for resolution (ETR), last mile bidder, circuit ID, incident number etc. shall be available in a graphical format. The portal should also provide downloadable SLA reports for each month for the entire duration of the contract. It should also have the capability of generating reports in different formats (including PDF) as required by the Bank. The portal shall also display up-to-date contact details of the helpdesk and single point of contact (name, designation, telephone numbers, Email ID) as well as the escalation matrix. This information shall be used by the Bank/NI to seek support, log complaints etc. This portal should be made available within 30 days from the date of issuance of PO/Lol	Link will be managed through NOC and bidder will provide self care portal from where you can raise and manage ticket. Bidder will not provide Online monitoring portal	Clarified that: It would be prime responsibility of bidder to manage the links through the support provided who will raise and manage the links provided to Bank.
8.	45	4.1.23- Scope of work	Any extra material required for the project execution not mentioned in the commercial bid, shall be supplied and deployed by the bidder at no extra cost to Bank.	If the requirement of extra material happens to be reasonably high, UCO bank may have to bear the expenses.	Clause Stands as per RFP
9.	46	4.1.27- Scope of work	Bidder should provision all equipment required to provide the wireless connectivity at branch/office for getting usable wireless signal strength i.e. internal/external cabling and antenna etc.	If CPE services are within our scope, we request UCO BANK to allow RJIL for charging CPE rental from an Entity other than RJIL. Hence UCO BANK will receive separate invoices	Clause stands as per RFP.

10.	52	4.1.64- Scope of work	The bidder should provide all security measures for bank's MPLS VPN network which should prevent against all kind of attacks like malware attacks, DDOS, IP spoofing etc..	Request UCO BANK to note that in case of DDOS, UCO BANK may get 2 separate invoices for same period from two separate entities i.e JPL and RJIL. RJIL therefore seeks flexibility in RFP that associated entities of RJIL may bill DDOS	Query not admissible.  Please refer corrigendum

67.	49	PART – IV: SCOPE OF THE WORK	4.1.38 Supply, installation and configuration of WAN end point equipment such as modems, routers, last mile equipment etc. would be done by the selected bidder and co-ordination with Bank's Network SI, wherever required.	As per point 4.1.39, router is under bank's scope. Hence request to change this clause as "4.1.38 Supply, installation and configuration of WAN end point equipment such as modems, last mile equipment etc. would be done by the selected bidder and co-ordination with Bank's Network SI, wherever required."	Clarified as: To ensure link is live and available for Branch use is the responsibility of selected bidder. All the installation of equipment's and configuration related to particular link is responsibility of selected

					bidder by co-ordination with Bank's Network SI.
68.	50	PART – IV: SCOPE OF THE WORK	4.1.50 The bidder shall ensure multicast support in their MPLS network (regardless of the multicast types such as dense mode, sparse mode etc.) at no additional cost to the Bank.	Dense mode multicast is outdated technology and not supported. Hence request to remove the dense mode multicast method.	Clause stands as per RFP
69.	54	PART – IV: SCOPE OF THE WORK	4.1.82 Dedicated IP addressing scheme for WAN link will be provided by the Bank. Required connections to terminating the link on Router/Switch (provided by the Bank) should be done by bidder. After installation of network equipment at branches bidder has to ensure that banks application are working properly.	Bidder can ensure only on the link functioning till the CPE routers. Application testing should be done by bank.	Clause stands as per RFP
70.	56	PART – IV: SCOPE OF THE WORK	4.1.93 Bidder has to carry out Preventive maintenance of each site in every quarter, Preventive maintenance at any location should be done only with prior concurrence of the bank.	Request to change the PM frequency as half yearly & also the PM will be applicable only for the links. PM for other components in Bank's locations should be under the scope of Bank's NI and not the MPLS link provider.	Clause stands as per RFP
71.	57	PART – IV: SCOPE OF THE WORK	4.1.100 The bidder will ensure that each location is within a radius of 5 kilometres from any of their BTS/Repeater Towers. However, for flatland rural areas, the radius may be extended up to 10 kilometres. Such BTS/Repeater should be in line of sight of Bank's location.	Request to remove this clause as the performance SLAs are provided by the bidder.	Clause stands as per RFP
72.	61	2. INSTALLATION AND COMMISSIONING	Bidder has to commission the Backhaul links at DC and DR within 2 weeks and all other links as per table given below from the date of acceptance of purchase order.	Since DC & DR links are in fiber, request to change the delivery timelines to 8 weeks and subsequently the delivery timelines for branch sites.	Clause Stands as per RFP
